

PORT MARINE SAFETY CODE CERTIFICATE

Awarded to:

Port of Holyhead

ABPmer confirms that having considered the requirements of the Port Marine Safety Code, including reviewing the risk assessments and marine safety management system, that in our opinion and subject to our audit report, the harbour authority meets the standard required by the Code.

This certificate is issued based on the evidence seen during the audit. Continuing compliance is reliant on the application of the marine safety management system processes and procedures, reflective risk management and continued auditing of the whole system.

Adam Fitzpatrick

Date of Audit: 12 Nov 2019

Date of Issue: 21 Nov 2019
